

New

National Low Risk Neonatal Nurses Conference

April 15-18, 2020
Hilton Hawaiian Village
Honolulu, Hawaii

What attendees are saying about ANN Conferences...

“VERY well-organized and GREAT speakers. There wasn’t a session that I didn’t enjoy. Loved every minute of this conference! LOVE the conference app...worked well and allowed me to see other workshops/sessions being offered.”

“Each topic was relevant to the issues we experience day to day. Enjoyed the variety of poster topics. This was the best conference I have been to in a long time! Thank you!”

“Excellent speakers on relevant topics!”

“The length of the sessions and the break times were appropriate. It was very well organized, and I appreciated the online access to the lecture material and evaluations.”

“The whole conference was extremely well organized from the conference center, the speakers, the opportunities for showcasing the nursing research poster presentations, the vendors, and networking.”

Who Should Attend?

Low Risk Neonatal Nurses | Mother Baby Nurses

Call for Abstracts

We invite you to submit poster abstract for this conference. Posters presentations offer the perfect avenue to network, exchange ideas, and improve the quality of nursing education for neonatal nurses.

See academyofneonatalnursing.org for details. Submission deadline is January 31, 2020.

Statement of Purpose

The purpose of this conference is to provide current, evidence-based, clinically applicable information to nurses caring for neonates in Level I and Level II nurseries. By providing this information, we encourage nurses to examine their practice and make changes to improve care for this vulnerable population.

Continuing Education

Attendees may earn up to 20.5 contact hours for this conference, based on a 60-minute hour. The conference provides 16.5 contact hours, and poster sessions up to 4.

Participants must be registered for the conference, attend at least 90% of a session, and complete the online evaluations to earn continuing education contact hours.

The Academy of Neonatal Nursing is accredited with distinction as a provider of nursing continuing professional development by the American Nurses Credentialing Center’s Commission on Accreditation.

The provider, the Academy of Neonatal Nursing, is approved by the California Board of Registered Nursing, Provider #CEP 6261; and Florida, Provider #FBN3218, content code 1300, CE Broker #50-3006.

Wednesday, April 15, Day 1

6:00 AM – 1:15 PM Registration Open

7:00 AM – 8:00 AM Networking Opportunity
—Exhibits and Posters
Open (pastries, coffee
and tea service)

General Sessions

8:00 AM – 8:15 AM **Welcome/
Announcements**

8:15 AM – 9:15 AM

**501 Stepping into Real Patient and Nurse
Safety**

Sherri Simons, MSN, RNC-NIC, CCRN

In the current climate of tight cost controls, limited resources, and the growing demand for health care services, conditions for medical errors are ripe. It is estimated that up to 200,000 people die each year from medical errors and tens of thousands more are injured in the United States. Ms. Simons discusses ways to keep perinatal patients and nurses safe.

LRN 5 MNN 4

9:15–10:15 AM

502 THC and Breastfeeding

Le'a Minton, MSN, ARPN, CNM

Ms. Minton will explore current evidence on the effects of THC in the infant while breastfeeding.

LRN 4 MNN 1

10:15 – 11:15 AM Exhibits and Posters
Open—(coffee, tea)

11:15 AM – 12:15 PM

**503 Why Don't I Look Like My Parents?
Evaluation of the Dysmorphic
Newborn**

Bryan Darling, MD

Dr. Darling discusses the approach to the dysmorphic newborn infant, including the importance of the physical exam, identifying features that warrant further evaluation, the use of diagnostic studies, and the approach to communicating with parents.

LRN 2 MNN 3

12:15 AM–1:15 PM

**504 Neonatal Emergencies: The Stuff that
“Rarely” Happens and You Have to
Deal with It!**

Tracy Karp, MS, NNP-BC

Mr. Karp speaks to neonatal emergencies in the low risk environment. “Normal” is not always “normal.” Cardiac, surgical, infections, and many other types of cases will be explored in this lively session.

LRN 3 MNN 3

Thursday, April 16, Day 2

6:30 AM – 1:00 PM Registration Open

7:00 AM – 8:00 AM Networking Opportunity
—Exhibits and Posters
Open (pastries, coffee
and tea service)

General Sessions

8:00 AM – 9:00 AM

**601 Medical, Psychological, and Family
Factors Impacting the Postpartum
Mood Concerns of Families**

Bart Pillen, PhD

Alexandra Takayesu, MD

The biopsychosocial factors associated with the increased risk for postpartum mood concerns of parents with newborn infants is explored in this presentation, highlighting relevant medical and behavioral treatments that support infant well-being and parental functioning. Evidence-based approaches for identifying and engaging mothers and fathers at-risk for significant postpartum depression or family dysfunction are discussed within the context of solution-focused interventions for families.

LRN 5 MNN 2

9:00 AM – 10:00 AM

602 Is This Sepsis?

*Deb Fraser, MN, NNP, CNeon(C),
RNC-NIC*

Infection is a common and potentially serious diagnosis that must be quickly identified and treated. Ms. Fraser addresses the risk factors, presentation, diagnosis, and management of neonatal sepsis.

LRN 3 MNN 3

10:00 AM –10:45 AM Exhibits and Posters
Open—Refreshment
Break (coffee, tea)

A Workshops (concurrent sessions)

10:45 AM – 11:45 AM

**611 Hypoglycemia: Thought it Would
Have Been Figured Out by Now?**

Tracy Karp, MS, NNP-BC

Mr. Karp discusses the challenges of low blood sugar in seemingly well, or at-risk babies and addresses some of the challenges of managing and monitoring hypoglycemia.

LRN 3 MNN 3

**612 Traditional Native Hawai'ian
Breastfeeding Practices**

Jamie Boyd, PhD, RN

LRN 2 MNN 3

Topics and speakers are subject to change.

B Workshops (concurrent sessions)

12:00 PM – 1:00 PM

621 Deciphering the Neonatal Lab Report

Deb Fraser, MN, NNP, CNeon(C),
RNC-NIC

The sodium is low (or high), the potassium is critical, why do they want an ionized calcium...what does that lab report mean and what are the next steps? This interactive session discusses common biochemistry findings in the neonate and provides clinical context for these results. Problems with sodium, potassium, calcium, lactate, ammonia, and other common lab findings are examined.

LRN 2 MNN 3

622 The Baby Boomers of the NICU: The Late Preterm Infant

Stephanie Hoe, BSN, RN
Susan Kau, BSN, RNC-NIC

Come learn about this unique population and the best care practices for individualized care.

LRN 3 MNN 3

Friday, April 17, Day 3

6:30 AM – 1:15 PM Registration Open

7:00 AM – 8:00 AM Networking Opportunity
—Exhibits and Posters
Open (pastries, coffee
and tea service)

General Sessions

8:00 AM – 9:00 AM

701 Social Media in Healthcare

Sherri Simons, MSN, RNC-NIC, CCRN

Social media is influential in our everyday life. Different social media platforms have been applied in healthcare in various domains such as education, collaboration, knowledge sharing, and health campaigns. Ms. Simons explores the advantages, reliability, and risk that social media use can hold for neonatal nurses. Best practices and warnings will be addressed.

LRN 5 MNN 4

9:00 AM – 10:00 AM

702 When Will the Transport Team be Here? A Systematic Approach to Neonatal Stabilization

Lori Fairfax, CCRN, MSN, NNP-BC

Ms. Fairfax discusses assessment of the respiratory, cardiac, neurological, metabolic, and gastrointestinal systems of the newborn as she defines a systematic approach to stabilization while waiting for the transport team to arrive.

LRN 3 MNN 3

10:00 AM – 11:00 AM Exhibits and Posters
Open—(Coffee, Tea)

11:00 AM – 12:00 PM

703 We Already...ARE A FAMILY

Terry S. Johnson, APN, NNP-BC, CLEC,
ASPPS, MN

The number of childbearing couples who identify themselves as LGBTQ is increasing. These families seek the safest and best evidenced-based care for themselves and their newborn child. This includes acknowledgement, equality, and respect from the healthcare team. Ms. Johnson presents appropriate vocabulary and definitions and explores gender-specific requests and models of care that maximize the labor, birth, and postpartum care of these families.

LRN 2 MNN 2

12:00 PM – 1:00 PM

704 Mother's Milk Matters

Jae Kim, MD

Dr. Kim presents a broad scope of the power of mother's milk in influencing early infant health and long term development and health outcomes.

LRN 2 MNN 3

Saturday, April 18, Day 4

6:45 AM – 12:30 PM Registration Open

7:00 AM – 8:00 AM Networking Opportunity
(pastries, coffee and tea
service)

General Sessions

8:00 AM – 9:00 AM

801 Where Do You Sit in the Wa'a?

Pamela (Mel) Almeida, PhD, APRN, NNP-BC, CPNP-PC

Dr. Almeida offers an introduction to Hawai'iian outrigger paddling and the connection to teamwork in your unit.

LRN 5 MNN 4

9:00 AM – 10:00 AM

802 Is My Baby Supposed to Look Like This? Responding to an Unexpected Event in an Otherwise Healthy Newborn

Dana Ing, MSN, NNP-BC, CKC

The likelihood of a newborn needing CPR in the nursery or mother-baby unit is extremely low. If you have experienced it, you know the impact it has left on you; imagine the effect it has left on the infant and family. How prepared are you and your peers to respond to an unexpected newborn emergency in the nursery or mother's room? Ms. Ing discusses best practices related to assessing, observing, and responding to potential and real emergencies in the otherwise healthy newborn.

LRN 3 MNN 3

10:00 AM – 10:15 AM Refreshment Break—Iced
Tea, Lemonade

*These sessions are combined with the
Advanced Practice Neonatal Nurses Conference*

10:15 AM – 11:15 AM

803 NAS: Inroads to Taming the 45-Year Epidemic

Terry S. Johnson, APN, NNP-BC, CLEC, ASPPS, MN

Neonatal abstinence syndrome (NAS) has been a clinical entity for most of our nursing careers. Tremendous amounts of research, interventions, and health care resources have been apportioned to finding a successful prevention, treatment, or cure for this tragic condition affecting newborn infants. Ms. Johnson provides an overview of current best practices in identification, therapy, pharmacologic management, nutrition, family interventions, and community support for infants with NAS and their families.

LRN 3 MNN 3

Rx = .25

11:15 AM – 12:15 PM

804 A Most Frightening Voyage

Kathy Muneno and Charles Nainoa Thompson

Nainoa Thompson was the first Native Hawai'iian in 600 years to navigate a deep-sea Polynesian voyaging canoe from Hawai'i to Tahiti only by nature's clues. He has helped many voyages since. Kathy Muneno has spent 25 years reporting and anchoring the news in Hawai'i, all too often sharing heartache and tragedy. But nothing could have prepared them for the turn of events, and spiritual and emotional challenges, when their twins were born. Hear this inspiring story from these NICU parents.

LRN 5 MNN 4

12:15 PM – 12:30 PM Closing Remarks

Call for Abstracts

ANN invites you to submit a Poster abstract for this conference. Poster presentations offer the perfect avenue to network, exchange ideas, and improve the quality of nursing care. See academyofneonatalnursing.org for details. Submission deadline is January 31, 2020.

Photography

Please note that attendance at this conference constitutes an agreement by the participant to ANN's use and distribution (now and in the future) of the participant's image. These images are for ANN's use only and may appear on ANN's website, in printed brochures, or other promotional materials.

Invited Faculty

Pamela (Meli) Almeida, PhD, APRN, NNP-BC, CPNP-PC

Nurse Practitioner
Kapi'olani Medical Center for Women & Children
Honolulu, Hawai'i

Bryan Darling, MD

Medical Director, Neonatal Intensive Care Unit
Medical Director, Women's and Children's Respiratory Care
Women's Hospital, North Mississippi Medical Center
Tupelo, Mississippi

Lori Fairfax, CCRN MSN NNP-BC

General Information

Aloha! ANN is excited to launch a new conference this year! We have designed this program specifically for the Low Risk Neonatal Nurse. If you have LRN or MNN certification this is the conference for you! This conference is open to certified and non-certified nurses who work in Mother Baby units, Level I or II nurseries, or any unit that cares for low risk infants. You don't want to miss this unique conference! Join us to expand your nursing knowledge based on current research and evidence-based practice. Re-energize yourself in Hawai'i and return to your unit the best nurse you can be!

Hotel Information

Hilton Hawaiian Village
2005 Kalia Road
Honolulu, HI 96815
Phone: 808-949-4321
Check in 3:00 pm | Check out 11:00 am

The Hilton Hawaiian Village has been designated as the official hotel for the Spring Low Risk Neonatal Nurses Conference. Set among a tropical landscape covering 22 acres, the 4-star Hilton Hawaiian Village Waikiki Beach Resort hotel boasts Waikiki's widest and most spectacular white sand beach as well as Waikiki's only saltwater lagoon. Stunning natural surroundings, luxurious amenities, delicious dining options, the most adventurous daily activities and more make for a perfect trip to Honolulu. Ideally located in the heart of Waikiki, this hotel is 10 minutes from Pearl Harbor. Ala Moana, a largest shopping mall in Hawai'i, is just a five-minute drive away giving you easy access to over 90 shops, services and entertainment.

A block of rooms has been reserved at a group rate of \$239 resort view, \$259 partial ocean view, \$279 ocean view plus tax, currently 14.962%. There is an additional person charge (3rd and 4th) of \$50.00. Guaranteed connecting rooms will be assessed a one-time charge of \$75 plus tax per pair and there is no charge for connecting room requests. The resort fee is an optional addition to the rate at \$20.00 per night and includes:

- High Speed Internet WiFi Access
- Playstation 3 access with unlimited movies and games
- Local, toll-free, and credit card calls with no access fee
- Hawai'i Cultural Activities
- Resort Audio Tour at Welcome Center
- Dive-in Movies on Wednesdays/Sundays at Sundown
- Outdoor Morning Exercise Classes
- One Personalized Photo Postcard from Xerox Business Services

The Hilton Hawai'iian Village Waikiki Beach Resort is situated on 22 oceanfront acres of Waikiki's widest stretch of beach, amid lush tropical gardens and fragrant flowers. Hilton Hawai'iian Village offers the perfect mix of exceptional resort accommodations.

Reservations:

Hilton Hawai'iian Village Waikiki Beach Resort

Single/Double Occupancy Resort View — \$239
Partial Ocean View — \$259
Ocean View — \$279
Triple/Quad — add \$50 per person.

To receive the conference rate, call Reservations at (808) 949-4321 and refer to the National Low Risk Neonatal Nursing Conference or make your reservations online at www.academyonline.org. Reservations made after March 18, 2020, will be subject to space and rate availability.

Weather

The weather in Honolulu, Hawai'i will be warm in April with an average high of 83 degrees and low of 68 degrees. Be sure to pack a sweater for air-conditioned meeting rooms and any nighttime excursions.

Airport/Transportation Information

The resort is approximately 25 minutes from Honolulu International Airport (HNL). Rates range from \$16.00–\$40.00 via taxi, shared shuttles, and individual cars. For more information, please see the options listed on the website located at:

<http://www.hiltonhawaiianvillage.com/about-the-resort/transportation>

Parking

Self-parking and valet parking are both available. Daily Self-Parking Charge is \$45.00 per day and Valet Parking Charge is \$52.00 per day. Prices are subject to change.
